Canteen • Multi-sports court and community playground • Modified tennis court • Large grassed areas

“I have many friends at Cronulla Public School and we play basketball together. I like to talk to my friends and we have fun playing games. I am learning to speak and write in English and have special lessons with my teacher. In Term 1 we went on a school camp to a country school called Wellington Public School. We also went to the zoo and we saw the giraffes. My school at Cronulla is close to the water and we can see the boats every day. I love my school because my friends are very kind and nice.”
