Manly Village Public School is nestled between the beach and the harbour in the centre of Manly. A range of exciting programs are offered to students, including enrichment and extension for gifted and talented students and programs for students with special needs. It is considered essential that students master literacy, numeracy and life skills in their important beginning years at school.

An understanding of cultural differences is fostered and we welcome students and their families from many different countries.

**English as a second language (ESL)**
Qualified specialist ESL teacher • ESL classes are offered to students in all years

**Student support services**
School counsellor and Learning and Support Teacher.
