Randwick Boys High School is a comprehensive boys’ high school in the eastern suburbs of Sydney. It is very proud of its multicultural background and represents a snapshot of modern Australia. Harmony and tolerance are hallmarks of the way in which the school operates. Randwick Boys High School enjoys a reputation for academic and sporting excellence, for educating young men to be successful, responsible adults and for producing students with outstanding academic results.

- 100% of students applying for university were successful
- Top ATAR score 98.7

Randwick Boys’ High School provides a sense of belonging to its students. As an ESL student, I have greatly benefited from the patience of the teachers, who have helped me build my social and academic skills; the diversity and accepting culture among the students, and the numerous projects run to help students from other countries. Last year, I was lucky to be elected a member of a Perfect team which, alongside the staff of the school, strive to make Randwick Boys’ High School an harmonious place on the students’ road to success.”
