Asquith Girls High School is a comprehensive girls’ school with a strong local reputation, providing young women with holistic education which allows them to thrive and reach their personal best.

The school is set in extensive gardens and bushland situated close to transport facilities. The school is distinguished by its leadership program designed to enable all students to develop as leaders within the school and the wider community. Our students have a clear pattern of role-modeling and female leadership, necessary for inspired career paths. The school offers strong focus on traditional academic subjects, such as the sciences, mathematics, economics and English. Additionally the school provides a wide range of superior creative arts programs, many opportunities in sports and a strong focus on 21st century literacy through up to date technological infrastructure.
