“If I was to describe the environment of Castle Hill High School, I would probably run out of positive adjectives. The staff are the most amazing, passionate and sympathetic people who don’t hesitate a moment to help students. The school environment is the perfect place to fulfil a bright future and the way it has embraced multiculturalism is indescribable. Choosing CHHS was a decision that I do not regret.”

“The thing I like most about Castle Hill High School is the positive attitude it brings to me. Teachers and students always give me encouragement to look at the positive side of life, to be strong when facing difficulties, to never lose confidence in myself. I suppose being at CHHS has given me more than purely academic knowledge. I have also gained wisdom which will benefit my whole life.”
