In July 2016, the Department of Immigration & Border Protection will introduce a Simplified Student Visa Framework. Under the new framework, all new student visas will be issued under subclass 500 rather than under 570, 571, 572, 573, 574, 575 or 576. Subclass 500 student visa holders and their dependants will continue to be identified by the Temporary Residents Program according to the Education Sector where the primary visa holder is studying.

For school staff, ERN fields will be updated to accommodate these visa changes.
