Local area features
Miller is a cosmopolitan and multicultural suburb located 35 kilometres west of the Sydney CBD and 10 kilometres from Liverpool. It has easy access by car, bus and rail transport.

“I love studying at Miller Technology High School. In the beginning I was very worried and lonely because I spoke only very little English and did not have any friends. Now, I am very happy because I have friends from different nationalities and my English is a lot better. All the teachers are students very friendly.”
