1. INTRODUCTION

This document outlines eligibility and procedures for the enrolment of non-Australian citizens in NSW government schools, both permanent and temporary residents, with the exception of international students. For details on enrolment of international students refer to Procedures and Eligibility for Enrolment of International Students in NSW Government Schools.

This document must be read in conjunction with the following Department of Education and Communities policy and implementation documents:

- Enrolment of Students in New South Wales Government Schools: A Summary and Consolidation of Policy.
- Proof of Identity and Residency Status
- Schedule of Visa Subclasses and Enrolment Conditions
- Temporary Residents Program: Application form for an Authority to Enrol.

All students wishing to enrol in a NSW government school must complete an Application to Enrol in a NSW Government School. Non-Australian citizens must comply with additional requirements as outlined in this document.

1.1 Travel documents and proof of identity

1.1.1 Non-Australian citizens may be permanent or temporary residents of Australia. Non-Australian citizens applying to enrol must provide travel documentation as proof of identity and residency status. Travel documentation will usually include a passport and usually, but not always, evidence of a visa showing how long the holder can remain in Australia as well as any other conditions attached to the visa.

1.1.2 The specific travel, entry and residency conditions attached to the visa are set by the Department of Immigration and Citizenship and reviewed and amended on a regular basis.

1.1.3 Students who are non-Australian citizens enrolling in NSW government schools must have their proof of identity and official travel documents sighted, copied and certified by the principal or delegated senior staff member.

1.1.4 Dependants may have their own passport or they may be included on their parent’s passport. Dependants who are listed on a parent’s passport are generally subject to the same visa conditions as the parent.

1.1.5 Students in the Residence Determination Program (Community Detention) will not have travel documentation but will have identifying documentation issued by the Department of Immigration and Citizenship. The enrolment of these students is managed through the Multicultural Programs Unit and these students should not be enrolled without an Authority to enrol issued by the Manager, Multicultural Programs.

1.1.6 The implementation document Proof of Identity and Residency Status provides details of travel documents and proof of identity required of non-Australian citizens. It also provides information on regulations governing Australian citizenship and official evidence of Australian citizenship.

1.2 Health requirements

1.2.1 It is not compulsory for parents to immunise their children and the immunisation status of a child is not grounds for a principal to decline an application to enrol in
Kindergarten. Nevertheless, section 42 B of the Public Health Act 1991, requires principals at the time of enrolment to request the applicant to provide the school with evidence of a student’s immunisation status. This evidence can be in the form of an immunisation certificate from a medical practitioner or an Immunisation History Statement issued by the Australian Childhood Immunisation Register. Under the NSW Public Health (Amendment) Act 1992, students for whom proof of vaccination has not been provided may be asked to stay at home during an outbreak of a vaccine-preventable disease. For further information see Legal Issues Bulletin No 43 and the Student Welfare Directorate’s Immunisation information website.

1.2.2 The Australian Government has additional health requirements for people entering Australia. Students applying for enrolment will have met the requirements and schools do not need to verify these details. For information refer to the Department of Immigration and Citizenship website.

1.3 Enrolment conditions for permanent residents, New Zealand citizens and Norfolk Islanders

1.3.1 Permanent residents of Australia, New Zealand citizens holding current New Zealand passports and Norfolk Islanders, subject to providing proof of their identity and residency status as outlined in Proof of Identity and Residency Status, can enrol in NSW government schools under the same conditions as Australian citizens.

2. ENROLMENT CONDITIONS FOR TEMPORARY RESIDENTS

2.1 Travel documentation

2.1.1 Temporary visas permit the holders to stay in Australia for purposes including business, study, family matters, holidays and medical reasons. Details of the types of visas and visa subclasses can be found in Proof of Identity and Residency Status. The length of stay permitted on the visa varies. Students cannot be enrolled beyond the stay of their visa.

2.1.2 The conditions governing the enrolment of different groups of temporary residents vary according to the visa subclass held by the student and, in some cases, their particular circumstances. For details, refer to the Schedule of Visa Subclasses and Enrolment Conditions.

2.1.3 Temporary residents, including holders of an eVisa or Electronic Travel Authority, must produce their passport and visa or other travel documentation to confirm their proof of identity, residency status and eligibility to study in a NSW government school. Individuals who have entered Australia and who do not have evidence of their visa must obtain formal documentation from Department of Immigration and Citizenship of their residency status. For details, refer to Proof of Identity and Residency Status.

2.1.4 Parents/guardians of students who hold temporary visas are required to notify the principal or delegate of any change to their Australian residency status, including visa conditions. The principal must advise the Temporary Residents Program of these changes.

2.1.5 Under Section 34A (4) of the Education Act 1990, the Director-General may terminate the enrolment of a child at a government school who is not entitled to be enrolled at the school if the child was enrolled as a result of false information or a false document provided to the principal.
2.2 Temporary Residents Fee

2.2.1 In general, holders of temporary visas are liable to pay the Temporary Residents Fee as a contribution to the cost of their education in a NSW government school. Under Section 31A (1) of the Education Act 1990, the Director-General may fix the fees to be paid by overseas students, or classes of overseas students, at government schools. Overseas students are defined in the Education Act 1990 Section 3, as students who hold a visa under the Migration Act 1958 of the Commonwealth that enables the student to study in New South Wales but does not include the holder of a permanent visa or special category visa within the meaning of that Act.

2.2.2 In accordance with Section 31 A (3) of the Education Act 1990, the Director-General may exempt an overseas student, or class of overseas students, from the requirement to pay a fee. Details of fees and exemptions are provided in Section 3 of this document. Information on the current visa subclasses which are fee liable and those which are exempt is provided in the Schedule of Visa Subclasses and Enrolment Conditions. The visa subclasses which are exempt may vary over time, depending on changes to visas and conditions.

2.2.3 Students who are required to pay the Temporary Residents Fee are also required to pay a non-refundable administration fee. A student holding a temporary visa is eligible for enrolment only for the period of a current valid visa and only when any fees due are paid.

2.2.4 Some classes of overseas students may request an individual exemption from payment of the Temporary Residents Fee, depending on their visa subclass or their particular circumstances. Appeals for exemptions from the Temporary Residents Fee are considered on a case-by-case basis. For more information refer to Section 3 of this document.

2.3 Eligibility to enrol

2.3.1 Students on temporary visas other than visitors or other short stay visas may be enrolled in their local school based on their residential address in Australia, in the same way as Australian citizens and permanent residents.

2.3.2 Applications for enrolment by holders of visitor visas and other visas with conditions limiting the period of study to 13 weeks or less are subject to the principal’s discretion.

2.3.3 Requests for non-local enrolments by all temporary residents are to be treated in accordance with conditions outlined in the Enrolment of Students in New South Wales Government Schools: A Summary and Consolidation of Policy.

2.3.4 Holders of temporary visas are not eligible to enrol in NSW government selective high schools including agricultural high schools, selective classes in comprehensive high schools, or opportunity classes in primary schools. For more information refer to Selective High School and Opportunity Class Placement Policy.

2.3.5 Holders of visitor visas and other short term visas of 13 weeks or less are not eligible to enrol in an Intensive English Centre or the Intensive English High School to receive on arrival intensive English as a Second Language (ESL) support before enrolling in high school, unless they are part of a study tour arranged by the International Students Centre. Details of visa subclasses ineligible for intensive ESL support can
be found on the *Schedule of Visa Subclasses and Enrolment Conditions*.

2.3.6 Temporary residents must also be less than 19 years of age by 31 July in the current year to be eligible to enrol in an Intensive English Centre or the Intensive English High School. Refer to *English as a Second Language: Guidelines for schools*.

2.3.7 Priority for enrolment in NSW Department of Education and Communities preschools is given to Australian citizens and permanent residents, New Zealand citizens holding current New Zealand passports and their dependants, Norfolk Islanders, resident provisional visa holders and temporary humanitarian visa holders. Enrolment of children in these visa categories is subject to proof of identity and residency status as outlined in the *Proof of Identity and Residency Status* support document. Eligible children may enrol in NSW Department of Education and Communities preschools under the same conditions as Australian citizens and according to *Enrolment of Children in NSW Department of Education and Communities Preschool Classes Procedures*.

2.3.8 Holders of some temporary visas are not eligible to enrol in Department of Education and Communities preschools. Details of visa subclasses and eligibility can be found on the *Schedule of Visa Subclasses and Enrolment Conditions*.

2.3.9 Children enrolled in a NSW Department of Education and Communities preschool do not have to pay the *Temporary Residents Fee* but are liable for payment of any preschool fees which apply.

2.3.10 Students who hold temporary visas, other than visitors or other short stay visa holders and international students, may be eligible for enrolment at a distance education school or centre under the same conditions as Australian citizens and permanent residents.

2.3.11 Students who are travelling overseas or who are temporary residents of another country may be eligible for distance education. Distance education is not available for students who are normally resident overseas. This applies whether students are Australian citizens, or hold permanent or temporary resident visas. For more information, refer to *Distance Education: Guidelines 2008*.

2.3.12 Study tours for groups of international school-aged students may be organised for short periods from half a day to a term. These group visits must be arranged through DEC International Study Tours. Further information on study tours can be found at [http://www.studytours.nsw.edu.au](http://www.studytours.nsw.edu.au).

2.3.13 Temporary resident students who have a disability may be enrolled in schools through the usual procedures for students with disabilities and in accordance with the requirements outlined in this document. The exceptions are international students and their dependants, and holders of visitor visas and other short term visas, usually of 13 weeks or less, where specific procedures apply.

2.3.14 Applications for enrolment of international students with a disability are managed through the International Students Centre and in accordance with the *Procedures and Eligibility for Enrolment of International Students in NSW Government Schools*.

2.3.15 Temporary resident children who are prior to school age and who have a disability may be enrolled in Early Intervention programs through the usual procedures for these programs. These children are exempt from payment of the *Temporary Residents Fee* for the duration of the Early Intervention program but may be liable to
pay the fee, in accordance with the requirements outlined in this document, once they enrol in primary school.

2.3.16 The Temporary Residents Program: Application form for an Authority to Enrol requires parents to provide information on students with disability. The dependants of student visa holders must also apply to the Temporary Residents Program to obtain a Confirmation of Placement document, required by the Department of Immigration and Citizenship for the issue of a dependant student visa. Schools must refer students with a disability who hold dependant student visas, visitor visas or other short term visas to the Temporary Residents Program prior to seeking enrolment or assessment by the regional student services officers.

2.4 Educational provision

2.4.1 Temporary residents, once enrolled, are generally entitled to the same educational provision as Australian citizens and permanent residents, with the following exceptions and conditions:

2.4.2 English as a Second Language (ESL)

Holders of visitor visas and other short term visas of 13 weeks or less are not eligible to receive on arrival intensive English as a Second Language (ESL) support under the ESL New Arrivals Program, either in a school or an Intensive English Centre (IEC). Details of visa subclasses ineligible for intensive ESL support can be found on the Schedule of Visa Subclasses and Enrolment Conditions.

Temporary residents whose first language is not English and who need ESL support may be included in a school’s ESL Targeted Support Program. Each student’s need for ESL support is determined by the school. For more information, refer to English as a Second Language: Guidelines for schools.

2.4.3 TAFE delivered HSC VET courses (TVET)

High school students on a temporary visa who are enrolled in TAFE delivered HSC VET courses (TVET) are to be enrolled in the same manner as all other TVET students. If they wish to enrol in a TAFE course beyond their approved TAFE delivered HSC VET Program these students must pay tuition fees and the applicable TAFE NSW fee or Concession fee in addition to the Temporary Residents Fee, if applicable. For more information, refer to the TAFE delivered HSC VET courses (TVET) Guidelines for schools and TAFE Institutes for the current year.

2.5 School student transport

2.5.1 School student transport is the responsibility of the NSW Department of Transport. Under current Department of Transport policy, school aged temporary residents enrolled in a NSW government school who are exempt from payment of the Temporary Residents Fee are eligible to apply for the School Student Transport Scheme. For more information, refer to: http://www.transport.nsw.gov.au/sites/default/file/ssts/overseas-eligibility.pdf.

2.6 Guardianship

2.6.1 Students holding visitor visas are expected to reside with their parent or direct relative.
2.6.2 The relevant Family Details sections of the Application to Enrol in a NSW Government School must be completed by the person with whom the student lives, whether that person is a parent, relative or carer.

2.6.3 There are specific requirements for the guardianship and accommodation arrangements for international students. For information, refer to Procedures and Eligibility for Enrolment of International Students in NSW Government Schools.

2.7 Specific enrolment conditions

2.7.1 Conditions applying to student visas

2.7.1.1 Student visa holders in schools include:
- international (full fee paying) students
- dependants of international students enrolled in universities, colleges or other education providers
- exchange students
- student guardian dependants (up to six years of age).

2.7.1.2 International students in schools pay full fees for the cost of their education and their enrolment is managed through the International Students Centre.

2.7.1.3 The dependants of international students studying in NSW institutions may enrol in NSW government schools. The dependants can only be enrolled while the principal visa holder is studying full time in a registered NSW based institution and the enrolment must not exceed the period stated on the visa.

2.7.1.4 Holders of dependant student visas are liable to pay the Temporary Residents Fee and are not eligible to request individual exemptions. Some particular groups, including full scholarship holders, are exempt from payment. For more information refer to Section 3 of this document.

2.7.1.5 Exchange students must enrol through a registered exchange organisation. Student exchange programs for NSW government schools are administered through the Child Wellbeing Unit. Exchange students are not eligible to access intensive ESL support under the ESL New Arrivals Program. Further information on exchange programs can be found at: http://www.schools.nsw.edu.au/studentsupport/programs/studentexchange/index.php.

2.7.1.6 Dependants of student guardian visa holders cannot be enrolled once they reach the age of six. After the age of six dependents of student guardian visa holders must obtain a student visa prior to any further period of enrolment.

2.7.2 Conditions applying to visitor visas

2.7.2.1 Visitor visas include tourists, business visitors and medical treatment visitors. Visitor visa holders, including those with multiple entry visas, may enrol in school for a maximum of thirteen weeks and subject to their entry date and visa expiry date. All enrolments are at the principal’s discretion.

2.7.2.2 Students on visitor visas are liable to pay the visitor rate of the Temporary Residents Fee and they are not eligible to apply for individual exemptions from the fee. Visitor visa holders are not eligible for intensive ESL support under the ESL New Arrivals Program.
2.7.3 Conditions applying to bridging visas

2.7.3.1 A bridging visa is granted by the Department of Immigration and Citizenship to individuals who do not hold a substantive visa or who have applied for another visa. Bridging visas come into effect only when the initial substantive visa has ceased and usually remain in effect until a decision has been made as to the new visa application.

2.7.3.2 Bridging visa holders may be eligible to enrol in a school or an Intensive English Centre while waiting for a decision about their application for a new substantive visa. When applying to enrol, bridging visa holders must provide the previous substantive visa and documentary evidence of the new substantive visa applied for. In the case of students whose previous substantive visa is a visitor visa, the thirteen week limit for enrolment will no longer apply.

2.7.3.3 Bridging visa holders may be liable to pay the Temporary Residents Fee. Fee liability is generally determined according to the conditions of the immediate previous substantive visa. For details, refer to the Schedule of Visa Subclasses and Enrolment Conditions.

2.7.3.4 Bridging visa holders who are applying for a student visa must fulfil the same enrolment conditions as for international students. For information, refer to Procedures and Eligibility for Enrolment of International Students in NSW Government Schools.

3.5 Failure to pay fees

3.5.1 In accordance with Section 31A (4) and (5) of the Education Act 1990 applicants must be advised at the time of enrolment that failure to pay fees may result in the student’s enrolment in school being terminated or in the student being excluded from school activities. This advice is provided on the Temporary Residents Program: Application form for an Authority to Enrol.

3.5.2 Applicants must also be advised that in accordance with Section 31A (6) of the Education Act 1990, legal action may be taken by the Director-General to recover any outstanding fees owed to the Department of Education and Communities.

4.1 Applying to enrol

4.1.1 All temporary visa holders, with the exception of international students, apply to enrol at their local or chosen school. The school must provide all students with the Application to Enrol in a NSW Government School and Temporary Residents Program: Application form for an Authority to Enrol to complete.

Students who present without a printed record must be referred to the Department of Immigration and Citizenship to obtain a visa label in their passport or a letter issued by DIAC confirming their visa details.

4.1.4 For students enrolling in a government primary school for the first time, parents/guardians should also provide evidence of a student’s immunisation status. See Section 1.2 of this document.

4.1.5 The principal must sign the completed Temporary Residents Program: Application form for an Authority to Enrol to confirm that:
- the student’s application to enrol has been risk assessed,
- a place is available at the school
- the school is capable of meeting the student’s needs, including ESL support, and
- all required travel documents have been sighted and copied.

4.1.6 The school will make two copies of all travel documents. Each copy must be signed and dated by the school principal or other delegated senior staff member certifying that he or she has sighted the original. The school must retain one photocopy of the travel documents and store it with the Application to Enrol in a NSW Government School in accordance with the Privacy and Personal Information Protection Act 1998 and the Department of Education and Communities Privacy Code of Practice. The other copy must be provided to the applicant.

4.1.7 The school will advise all temporary resident students whether they are liable to pay the Temporary Residents Fee according to their visa subclass.

4.1.8 The school will advise all fee liable students if they are eligible to appeal the requirement to pay the Temporary Residents Fee.

4.1.9 Students who claim exemption from payment of the Temporary Residents Fee because they have links to an Australian citizen or permanent resident by marriage or adoption and have applied for permanent residency, must provide a copy of the marriage or adoption certificate and evidence of the application for permanent residency to the Temporary Residents Program.

4.1.10 The school will advise all students, whether they are fee exempt or liable to pay the Temporary Residents Fee, that they are responsible for forwarding the completed Temporary Residents Program: Application form for an Authority to Enrol to the Temporary Residents Program. The form must be accompanied by the signed and
certified copies of all travel and supporting documents and payment, if applicable.

4.1.11 The school will advise applicants that they cannot be enrolled until the principal has assessed the Application to Enrol in a NSW Government School and the enrolment has been approved by the Temporary Residents Program and an Authority to Enrol has been issued to the school.

4.1.12 The Temporary Residents Program will process all applications and any payments due and will issue an Authority to Enrol to the school as confirmation of approval for enrolment. A letter confirming the starting date will also be sent to the student.

4.1.13 On receipt of the Authority to Enrol from the Temporary Residents Program, the school can then enrol the student from the date provided on the Authority to Enrol.

4.1.14 Requests for letters confirming placement in a NSW government school must be referred to the Temporary Residents Program. Schools must not issue letters confirming enrolment.

4.2 Continuing enrolment

4.2.1 The Temporary Residents Program monitors visa ceasing dates of all temporary resident students enrolled, both fee paying and fee exempt, to ensure that visas are current.

4.2.2 The Temporary Residents Program monitors the enrolment of all students on temporary visas who are liable for payment of fees. An invoice will be sent to the student when fees are due for continuing enrolment.

4.3 Enrolling in another NSW government school

4.3.1 If a temporary resident student wishes to change his or her enrolment to another NSW government school, the student must complete a new application process for the new school. The student must complete a new Application to Enrol in a NSW Government School and advise the Temporary Residents Program of the change.

4.3.2 If the enrolment is approved, the Temporary Residents Program will issue an Authority to Enrol to the new school.

4.3.3 If the student has already paid the Temporary Residents Fee to cover their continuing enrolment, the fees will apply to the enrolment in the new school.

4.3.4 Payments to schools are made at the initial enrolment and then every 12 months regardless of whether the student has moved to a new school. The payment is made to the school where the student is enrolled at the time the payment is due.
